THEIR COMING DOWN.

Boston Journal.—The earnestness with which some of our Democratic contemporaries are entreating workingmen not to get "rattled" into voting the Republican ticket shows the Free traders were able to read the writing on the wall.

WHAT IT COSTS TO RUN NEW YORK.

New York Sun.—Six New York departments, and six only, cost for maintenance nearly \$20,000,000 a year. They are as follows: Police Department, costing this year \$10,310,000; Board of Education, \$4,480,000; Department of Public Works, \$3,014,000; the Department of Charities and Correction, \$2,225,000; Fire Department, \$2,232,000; and Street Cleaning Department, \$2,200,000.

SCENE IN THE SENATE.

Washington Star.—They had, just arrived in Washington and were doing the Capitol. In the front row of the Senate gallery they looked down on the Populist Senator from Nebraska. "Who dy'e reckon that is, Josiah?" asked the old lady. "I dunno," was the reply. "Looks mighty sad, doesn't he?" "Yes, An' he's workin' his mind, too. Ye kin see by his face." "I'll tell you what, Mandy," he replied after a silence. "I'll bet I know who 'tis." "Who?" "It's President Cleveland," and his voice sank to an awestruck whisper—"tryin' ter think of suthin' ter be thankful fur in his proclamation next month."

THE EARLY BIRD.

Chicago Tribune.—Almost before dawn one morning last week a guest at one of the large World's Fair hotels appeared as if by magic before the half-open eyes of the drowsy night clerk. The guest was tall and gaunt, his attire was rural, his speech nasal and his chin beard like unto that of the pictorial Uncle Sam. He rubbed his hands and said "Good morning" with the air of a man who hoped he was doing right, but was not quite sure of it. The clerk responded as most hotel clerks would under like circumstances. "Yew folks git up kinder late," the guest continued, still ill at ease. "Me and my wife 'av be'n up quite a piece. She's made the bed and dusted up the room, and I thought I'd ask yew where ter throw the washwater."

SENATORS' SPEECHES AND THEIR LENGTH.

New York Press.—Wonder has been expressed that the Southern and far Western Silver Senators have found time, in addition to the laborious session of the Senate, the work of the committees, the attention required by their correspondence, their visits to the departments, their consultations with constituents and office-seekers and conferences with colleagues, to prepare the remarkably able speeches that have been delivered from day to day. A well known Southern Congressman who didn't want to go on record remarked, with a shrug of his broad shoulders, "All these long speeches are original, but there is what is called a Silver League in Washington, which turns out bulletins of literature in the shape of pamphlets, tracts, etc., on the money question. This bureau is managed by able men. It is both a physical and mental impossibility for many of the Senators to prepare the long speeches some of them are delivering, and it is known in Washington that the clever men in the bureau of the Silver League are writing some of these speeches."

Successor to Hopper & Murphy.

ANY institution that takes a man and makes a cleaner, stronger and more intelligent man out of him certainly commends itself alike to saint and sinner, and the man or woman who is not in sympathy with its work certainly approves of weak-minded, feeble, delicate men. And who a man goes into the Young Men's Christian Association he is bound to become a better man; that is, if his heart and mind are both in the work. Mayville cannot get along now without the Y. M. C. A. And if our good citizens think it isn't doing a noble work in this city let them attend the Men's Meeting at 8 o'clock Sunday afternoon.

Destruction of a Vessel on Lake Nipissing,
By Which Twenty or More Persons
Are Killed or Drowned.

Only Seven Lives Were Saved Out of Twenty-Seven of Twenty-Eight on Board. The Vessel Burned to the Water's Edge and Sank.

NORTH BAY, Ont., Nov. 9.—A frightful fatality, of which a recent fire at a lake house Tuesday night, occurred on Lake Nipissing, Ontario, which resulted in the loss of a large number of lives and the destruction of a valuable vessel. The steamer Fraser was proceeding up the lake, and when about twenty-four miles west of North Bay, near what is known as Goose Island, fire was discovered on board. All efforts to extinguish it proved unavailing, and the entire vessel was soon wrapped in flames. The number on board the unfortunate vessel has not yet been positively ascertained, but no less than twenty lives have been lost. The survivors are: Neil McArthur, Alex. Robertson, Stanley McManney, B. Pharaoh, Fireman W. McIntosh, Edward Major, Cook John Adams. The steamer has caused great excitement throughout the district. The steamer was owned by Davidson, Hay & Co. of Toronto, and was bound for Franke lake, to supply the lumbermen. She caught fire about three miles from Goose Island, and a panic must have ensued, as only seven lives, including the fireman and cook, were saved out of twenty-seven or twenty-eight. Notwithstanding the fact that the steamer carried the usual supply of life boats and preservers, and had a large store in tow, Capt. Carr, Mr. Douglass, the firm's assistant, and others, are among the lost. The fire was witnessed from Frank's bay by Capt. Burritt and a young Indian named Pete, in the empty boat. The boatmen, they immediately put off in their boats to the scene of the accident, but by the time they reached the spot the boat was burned to the water's edge, and the seven survivors had reached the top of the scow.

The engine, for some unaccountable reason, was not stopped, and during all the time the boat was burning she continued to blow through the water. Some of the men struggling in the water managed to climb into a life boat which had been launched, but were caught in the steamer's wheels and went down. The hull of the boat was in about fifteen feet of water, and that now marks the spot of the catastrophe is a short piece of the steamer, which appears above the water's edge.

NO NEW BUILDINGS.

Chairman Sayers Playing the Objector Role Strongly.

WASHINGTON, Nov. 9.—There will be no appropriations for public buildings by the forthcoming congress, if Chairman Sayers, of the appropriation committee, succeeds in carrying out his plan to erect a new government printing office, the necessity for which is clearly recognized from the present dilapidated structure. It is proposed to provide an appropriation of \$150,000 to reconstruct and repair the present building, so that it may be used as an office building. The construction of the new building will probably be put in charge of Gen. Casey, chief of engineers, as said a method of increasing the building, more economical, speedy and better than by private contract. For the same reason an effort will be made to transfer to him the charge of the construction of the new city post office building in this city.

LOW TARIFF IN SIGHT.

Speaker Crisp says the Bill Will Make Sweeping and General Reductions. N. A. WILSON, of Ohio, Charles F. Crisp, speaker of the house of representatives, spent Wednesday in Nashville, en route home. "The tariff bill," he is reported when congress convenes next month," said Mr. Crisp, "and a clean-cut measure it will be. It will provide for a revenue tariff, and will make sweeping reductions all along the line. Many articles which are now taxed will come in free, and the revenue to the government will be raised by an increase of the tax on beer and other luxuries. I think a bill will be passed to levy an income tax, and that the state bank tax will be repealed." Speaker Crisp ascribed the result of the elections to local causes. In his opinion, the democratic party had only to outbid the pledges of its platform, and the results of Tuesday would be forgotten before the next presidential contest.
